FROM THE OWNER

To Our Valued Family, Friends and Partners,

This year has been a remarkable journey of transformation and strength. Reflecting on the challenges we've overcome, achievements we have received and the insights we've gained, I'm incredibly proud of how far we've come and energized for what lies ahead. Each experience has strengthened our foundation, both as a company and as a family, and I couldn't be more excited about the future.

At Aqua Creek, we're not just the leading manufacturer of pool access equipment—we're a trusted partner committed to delivering comprehensive, innovative aquatic access solutions with unparalleled service. In a rapidly evolving world of technology and trends, we remain steadfast in upholding timeless values that truly make a difference; quality craftsmanship, trust, and integrity.

A place where a handshake still carries weight.

A place where you'll always reach a live person when you call.

And a place where handcrafted, American-made products continue to set the standard for excellence in our nation's manufacturing industry.

As a small, family-owned and operated company since 2002, we hold tight to values that brought us here.

Carrying on this legacy, the Montana way, is an honor. With big things on the horizon, we sincerely value you, our loyal customers, for your unwavering support throughout this journey.

Sincerely,

Krystal G.

Krystal Guilhemotonia

DON'T JUST TAKE

Aqua Creek is the first manufacturer to offer pool lifts in **virtually any powder coat color you can imagine!** Having the ability to color our lifts to match the décor of aquatic environments or match school colors to help blend into the surroundings has drastically changed the design of aquatics. A pool lift no longer needs to look institutional, or stand out on a pool deck; it can now blend in and be beautiful too!

Bruce Giffin

VP of Sales & Marketing, Aqua Creek Products

GET IT FROM US...

Aqua Creek is not merely an industry leader with respect to their ability to provide design professionals the necessary information to specify their product line; Aqua Creek is, in fact, the only company in their industry that is able to coalesce manufacturing excellence with superior client satisfaction and product documentation critical to the needs of design professionals.

Dave Acklin

President, Aqua Design International

“I LOVE MY SPA LIFT! I DON’T KNOW HOW I WOULD MANAGE MY HEALTH WITHOUT IT.”

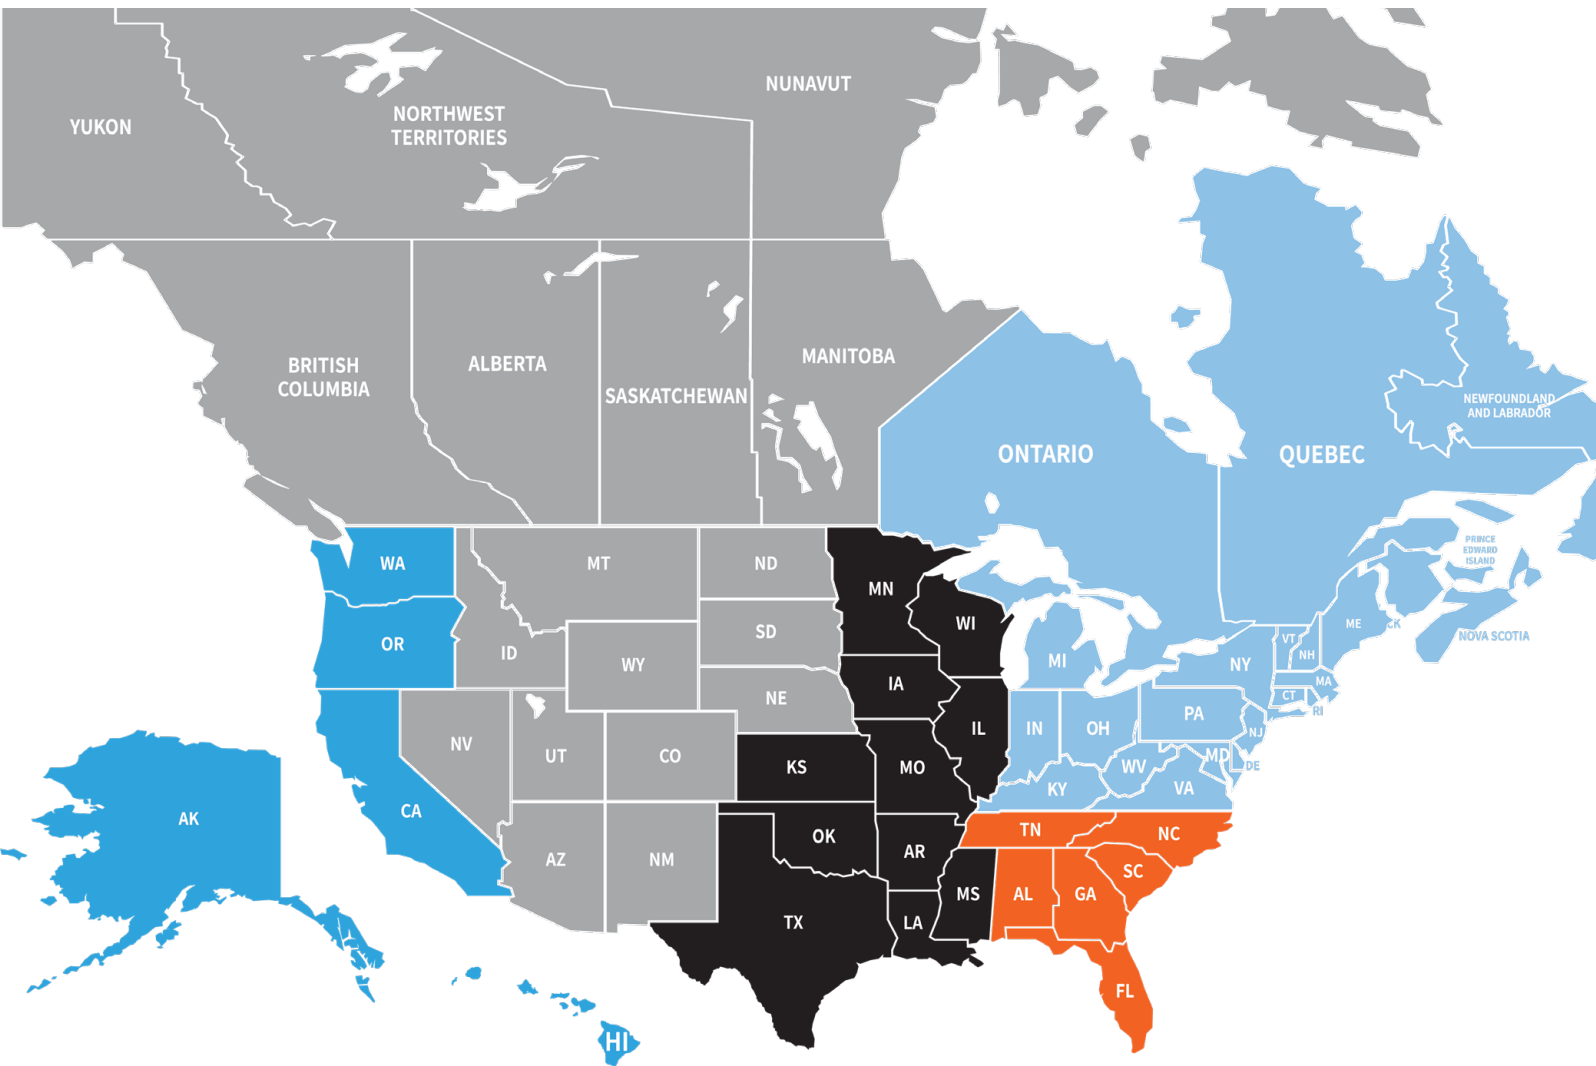

We have been pushing Aqua Creek Products for years now, and that’s for good reason. Not only is this easy on us, but also the end-user, with little to NO quality issues! Ease of ordering, personal assistance, and recommendations of products; you name it, they are there to help. I will go as far as switching a customer from another brand whenever I can for all these reasons. Thank you as always!!

COMMON PARTS GUIDE

ANCHORS

Our pool lifts come with versatile anchoring solutions to meet a variety of pool deck needs. Whether you're working with standard concrete, paver applications, wood decks, or need a quick-attach option for effortless lift removal, we have you covered.

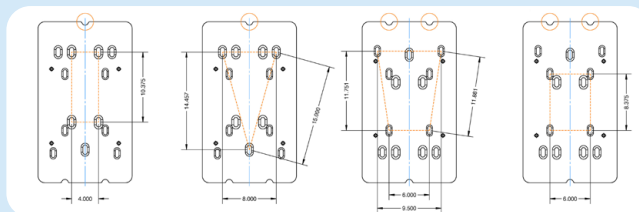

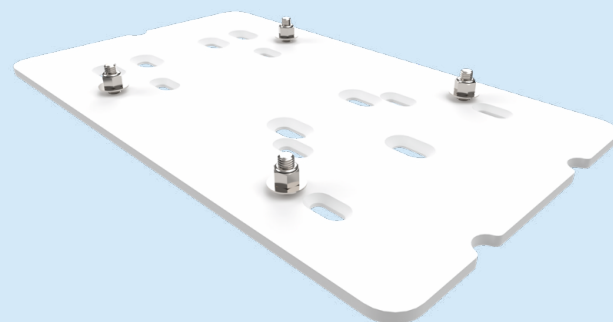

Each anchor kit is thoughtfully designed and includes a bonding lug, and all necessary hardware for installation and securing your lift.

ADAPTERS

Aqua Creek's adapter plates and sleeves offer seamless solutions for existing anchors, no matter the brand or bolt pattern. These plates are engineered for compatibility, making it simple to adapt your pool deck setup without the need for major modifications.

Whether you're upgrading an anchor or replacing a lift, our adapter plates ensure a secure and reliable fit. They can even be used to install Aqua Creek lifts on other brands' anchors providing unparalleled flexibility and convenience.

COMMON PARTS GUIDE

HANDSETS

Depending on your lift model, Aqua Creek's battery powered lifts come standard with either a 2-button or 4-button handset.

2-Button Remote: Specifically designed for lifts with up-and-down functionality, offering simple and straightforward operation.

4-Button Remote: Designed for rotational lifts, this remote allows seamless control of both vertical and rotational movements.

BATTERIES

Aqua Creek offers two reliable 24V DC battery options specifically designed for use with our lifts: the Linak and Vito brands.

Linak Batteries: These feature metal tabs on the bottom for easy connection to the lift's control box and charger.

Vito Batteries: Equipped with a cord that connects water tight to matching cords on the control box and charger.

Linak

Vito

CONTROL BOXES AND CHARGERS

Our lifts come with two types of control boxes and chargers, each designed to ensure smooth operation and reliable power for your lift.

Compatible with our batteries, remotes, and our solar trickle charge system! These components are essential for maintaining peak performance and ease of use. Keep your lift ready to go with dependable charging and control solutions.
